Hi Rose:

Thank you so much. I can't begin to tell you how much your support means to me, especially during this time.

I also wanted to just say thank you for an amazing class. I loved the topics we discussed and the atmosphere that you set for us to have open and honest conversations about the topics. So many professors on this campus would rather talk at me than talk with me, so it was refreshing to have those conversations with you and my classmates in class.

I also want to say thank you for allowing our class to voice their opinions about everything that has been happening on and around campus. In the state we are in now, it's easy to feel powerless and alone and like no one hears our voices, so I appreciate that you took the time to ask us how we were doing. So many people view us as students first, without remembering that we are still people, so it shows that you see us which means a lot right now.

I just wanted to let you know that I had an awesome semester in your class, and I hope I can take another class with you in the future.

Thank you so much!

Sincerely,
